DATE: 16 OCT. 2020

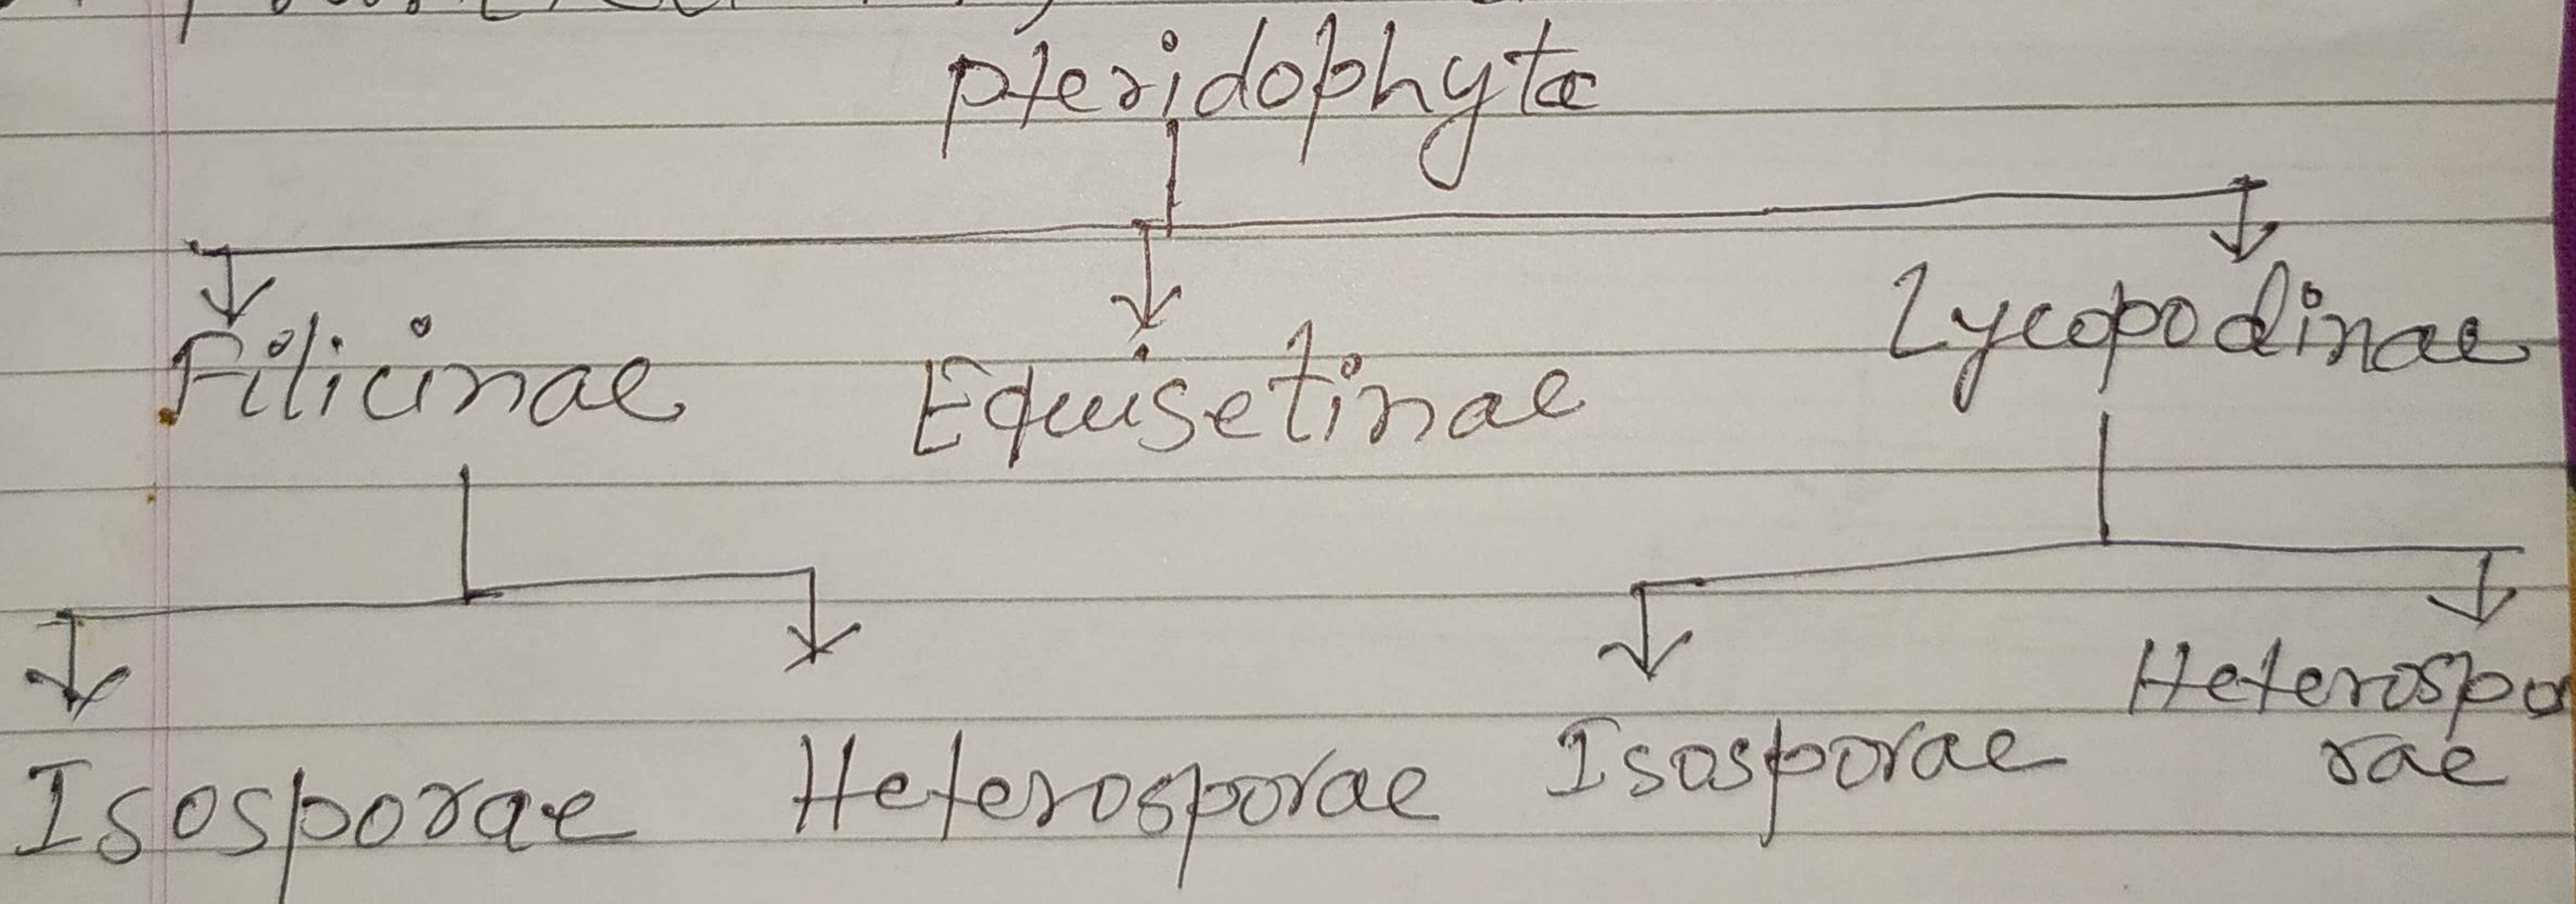

B.Sc. PART I, PAPER II

CORE CONCEPT OF PTERIDOPHYTES

CLASSIFICATION OF PTERIDOPHYTES I

Both fossils and living members are belongs in pteridophytes. Its classification are most spreads and complicated. Different Botanists gave different system of classification.

1. Prantle (1874) divided into three classes:

2. Angler and Prantle (1880-1900) classification of pteridophytes
Pteridophyta divided into 4 classes:
